About Me

Hi! 😎👋 I am Mohammad Parsa Rashidi Ahmadi, a graduate in Urban Engineering from Imam Khomeini University. I am also a member of the Urban Planning Scientific Association at the university and hold a SketchUp certification. With a background in freelancing and customer support, I am proficient in urban planning software, customer support tools such as FreshChat, as well as Photoshop and Microsoft Office.
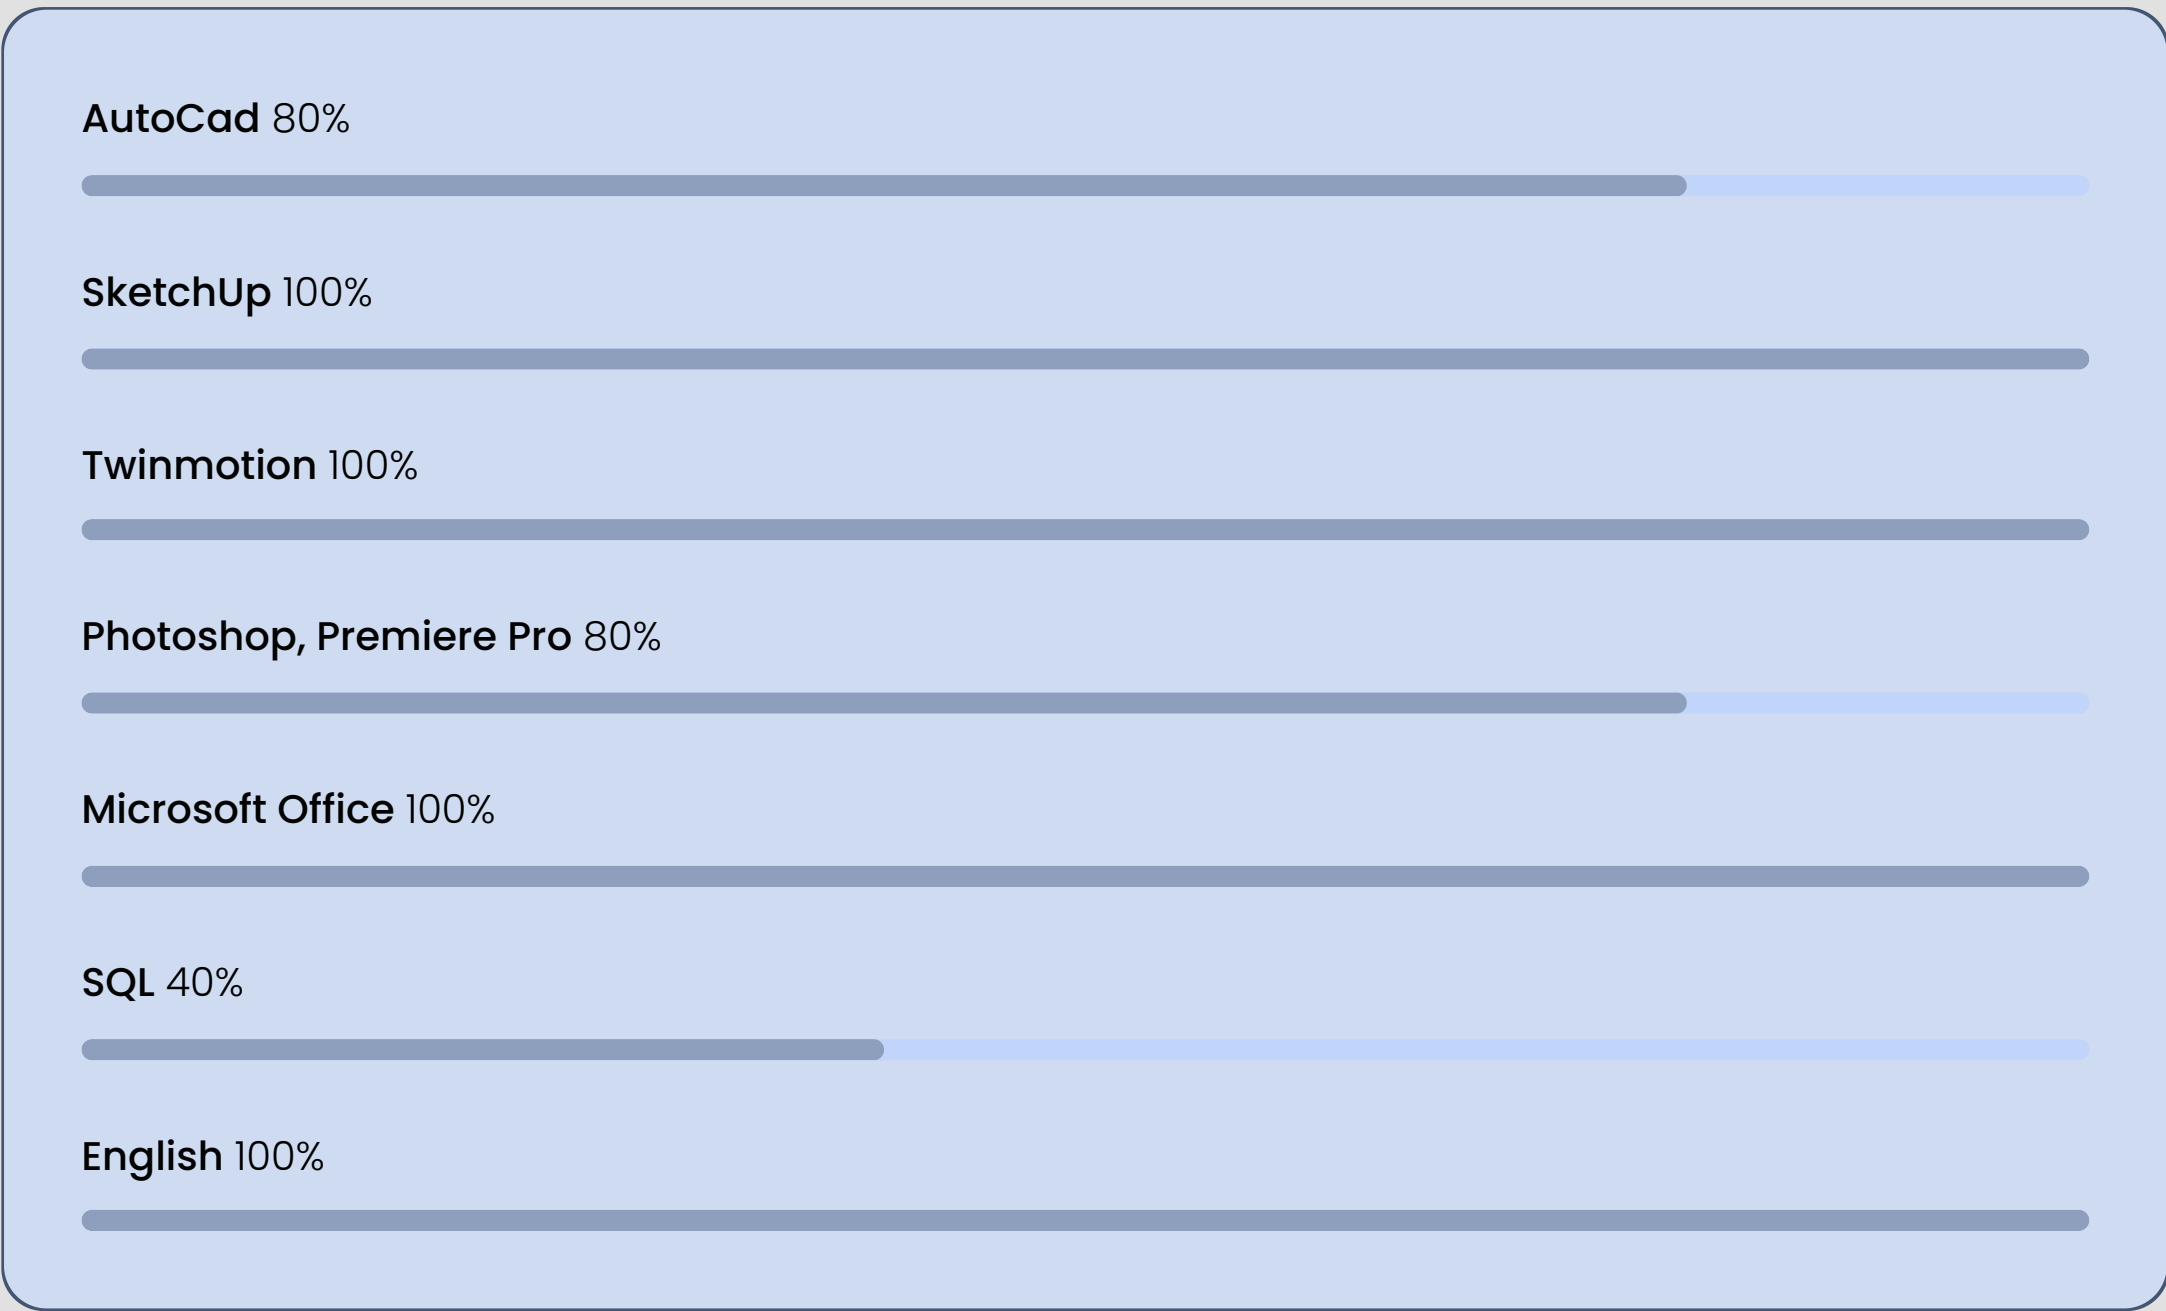

Education

Imam Khomeini International University - Urban Engineering
2019 – 2023
Graduated with a degree in Urban Engineering from Imam Khomeini International University, with a membership history in the university's Scientific Association.

Experiences

Talar Web - Customer Support Specialist
2021 – 2023
As a Customer Support Specialist at talarweb.net, I addressed user inquiries through social media networks, FreshChat, and responded to website comments in the WordPress panel.

Freelancer
2019 – 2023
Executed projects in AutoCAD, SketchUp, Twinmotion, and translation services.

Manshour Danesh - Educational Support
2019 – 2020
Educational support for mathematics courses at Manshour Danesh School in Karaj. Resolved educational issues, assisted students, assessed their performance and progress, and provided guidance for improvement.
